

Cisco Unified Attendant Console Standard

Quick Reference Guide

This guide gives an overview of how to use Cisco Unified Attendant Console Standard. For full details, see the application help.

Starting Cisco Unified Attendant Console Standard

To start Cisco Unified Attendant Console Standard:

- 1 Double-click the desktop icon.
- 2 *If one of the following is true:*
 - *You are working in a non-single-sign-on environment*
 - *You are working in a single-sign-on environment but have not yet configured Cisco Unified Attendant Console Standard to use it*
 - *Cisco Unified Attendant Console Standard is configured to use single-sign-on, which you have already logged into*the Cisco Unified Attendant Console Standard Sign In screen appears. Continue at step 3.

If you are working in a single-sign-on environment, but have not yet logged into any Cisco Unified Communications application:

- a. If security alerts are displayed, click **Yes** in each.
- b. In the single-sign-on credentials web page, enter your **User Name** and **Password**, and then click **Log In**.

The Cisco Unified Attendant Console Standard Sign In screen appears.

- 3 In the Cisco Unified Attendant Console Standard Sign In screen:

To use the number in the field, continue at step 4. To use a new extension number:

 - a. Type the number into the field.
 - b. Select a number in the list by either double-clicking it, or by highlighting it and then pressing **Enter**.
- 4 If the sign in extension is part of a hunt groups that you want to log into, select **Log in to hunt groups at sign in**.
- 5 Click **Sign In** or press **Enter**.

Opening the Online Help

To open the application Help, press **F1**.

Line States and Directory Presence Status

The phone line state icons appear in the Call Control and Directory panes and represent the state of operator and extensions. The presence status icons are displayed in directories.
