Product Migration Options

There is no replacement available for the Cisco SSL Appliances at this time.

Cisco's SSL offload strategy has moved to a meet-in-the-channel model with multiple vendors, including A10, F5, and Bluecoat. Replacement product should be referred to the customer's reseller.

Customers may be able to continue to purchase the Cisco SSL Appliances through the Cisco Certified Refurbished Equipment program. Refurbished units may be available in limited supply for sale in certain countries on a first-come, first-served basis until the Last Date of Support has been reached. For information about the Cisco Certified Refurbished Equipment program, go to: <http://www.cisco.com/go/eos>.

Service prices for Cisco products are subject to change after the product End of Sale date.

The Cisco Takeback and Recycle program helps businesses properly dispose of surplus products that have reached their end of useful life. The program is open to all business users of Cisco equipment and its associated brands and subsidiaries. For more information, go to:
